

HUSAIN QAMBER

I am eager to work alongside industry professionals and learn from their expertise, as well as contribute my own fresh perspective and innovative ideas. Through this internship, I aim to enhance my understanding of the IT sector and gain hands-on experience in applying theoretical concepts to real-world scenarios. I am committed to being a dedicated and hardworking intern, actively seeking opportunities to learn and grow, and making valuable contributions to the team and the organization as a whole. I am looking forward to enhancing my skills, knowledge, and passion for cybersecurity while gaining practical experience in a professional setting, working alongside industry experts.

EDUCATION AND QUALIFICATIONS

- Aug 2008 - May 2023 **International baccalaureate Diploma**
[AbdulRahman Kanoo International School, Bahrain](#)
- After 15 years of hardworking at AbdulRahman Kanoo International School, I have successfully completed my secondary education, where I graduated with distinction. I pursued the challenging International Baccalaureate (IB) curriculum, which fostered in me a deep appreciation for critical thinking, global perspectives, and personal development.
- Sep 2023 - Jun 2027 **Bachelor of cybersecurity “Current Student”**
[University of Bahrain, Bahrain](#)
- Currently, I am a first-year university student, and I maintain an excellent academic standing. I have been awarded a scholarship from the Ministry of Education based on my academic performance and potential.
- In my first semester, I excelled in both the programming course and fundamentals of information systems, achieving top grades. I demonstrated a strong aptitude for coding and a comprehensive understanding of information systems principles, showcasing my dedication to academic excellence and passion for cybersecurity.
